A MESSAGE FROM THE OWNER

Ben Lomond,
Bluemont, Va.

Dear Breeders and Friends:

I was born at Bollingbrook, an estate near Upperville, Virginia, where my father was manager for his friend, Mr. Charles K. Harrison of Baltimore. Father and Mr. Harrison fattened Shorthorns, also called Durhams then, for the British market. These cattle were fed to 1300-1500 pounds, for the British know the superb qualities of full grown beef. Shorthorns are the ideal breed for prime beef with their splendid frames and efficiency at turning pasture and silage into fine firm flesh. So my interest in Shorthorns began as a very small boy when I listened to Father and Mr. Harrison discuss and admire them.

In the early 1940's this interest revived when I walked over the lovely fields of "Cherry Hill" with my intimate engineering friend, Mr. Harry L. Straus. I followed the growth of his herd and knew his first animals by name as he did.

In December, 1945, I purchased Fellsworth Farm from Mrs. Heyward Thompson, and in the Fall of 1946, at the Timonium cattle show, I bought 4 cows and a bull from Harry Straus. These were Cherry Hill Harmony x, Red Oak Orange Blossom x, Ximines Secret x, one I don't remember and a young bull, Cherry Hill Bouncer x, and so I was in.

No episode in my life has been more rewarding in fine satisfactions than the care and growth of this beginning to my present herd. I am so pleased that Orange Blossom x, who has been a great mother, is still here and contributing to this herd. Look at her first calf, Fellsworth Lady Grace x.

Now the years restrict my energy and activity. I can no longer carry on this project, so I offer to you what we have built at Fellsworth. It is good. This year to date we have 29 fine vigorous calves out of 30 births. Our herd is fully certified and accredited.

I must offer my gratitude to the late Harry Straus, and to Harry McCann, Bill McCeney, the Blacksburg Animal Husbandry experts, and others in our Shorthorn fraternity, also, to my first manager, Mr. Ralph Baxter, and my present manager, Paul Draisey. All of these I thank for their fine advice and support.

In closing I comment to all Shorthorn breeders a small book called "The History of the Rise and Progress of the Killerby, Studley and Warlaby Herds of Shorthorns" by William Carr. Published in 1867, it is the history of the Booth herds in England in the first half of the 19th century. To me it is a fascinating story. It will instruct you and increase your interest in your Shorthorns.

Yours warmly,

WILLIAM J. MANN, JR.

★**ARCHWOOD BRIGAND x2835-734.** This dark, even roan bull is one of the most outstanding young Polled Shorthorn sires of today. You couldn't put a better pedigree together, and it would be difficult to get one with more good fleshing cattle in it. Although he has been used heavily, he has been a sure breeder. His maternal granddam, Lynnwood Rosewood B x, a daughter of Lynnwood Spotlight x, is from one of the greatest producing families at Lynnwood Farm today. When you see his get you will agree that he lives up to the promise of his pedigree.

She was 1st prize winner and member of the 1st prize pair of females at the 1948 National Polled Shorthorn Congress as a heifer. She is close enough bred to give a good calf when mated to any bull. She has only missed calving one year since 1949 and then because she was in pasture with an impotent bull. Her March, 1957 roan steer is being presented to the Loudoun County Agent for 4-H work. Her off-spring are listed under the family group on page 11. Her April, 1956 steer had a Va. B. C. I. A. Index of 115 and her March, 1955 steer 123. Bred to Brigand x.
